

Q1 - How is the user interface?

Q7 - How can we improve the user interface?

How can we improve the user interface?

ee

you're doing great

I would suggest that you should modify the background, which has more contrast with the front

If you can give the factual evidence for why it is fake or true will better or some reference

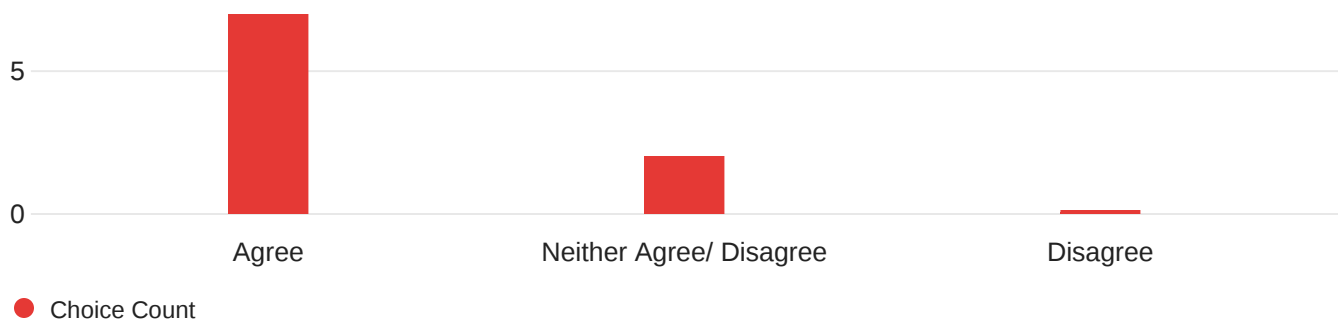

If we refresh the page, the title and content wont be clean automaticly.

Align the intro page

could've enhanced to avoid scrapping the cookie pages

s

Q10 - I understand what the app does:

Q12 - The model was easy to use:

Q14 - How can we make it clearer what the app does

No data found – your filters may be too exclusive!

Q15 - How can we make it clearer what the Model does

No data found – your filters may be too exclusive!

Q9 - General feedback

General feedback

The main problem is centred on URLs, more work is needed on text capture

<https://newsroom.toyota.eu/going-back-to-its-origins-world-premiere-of-the-all-new-toyota-land-cruiser/> I cant use this url get content.

<https://newsroom.toyota.eu/going-back-to-its-origins-world-premiere-of-the-all-new-toyota-land-cruiser/> I got different results when I test this new in the way that using url and Title only

Ready to go like instant result that was so perfect. And the scale of news detection was amazing. Thank you

Time taken to file out questionnaire (in seconds)

| Field | Min | Max | Mean | Standard Deviation | Variance | Responses | Sum |
|-----------------------|-------|---------|--------|--------------------|-----------|-----------|---------|
| Duration (in seconds) | 15.00 | 2854.00 | 409.00 | 818.63 | 670157.00 | 10 | 4090.00 |
